Final Ideas

# Options Overview

2

**Option 1: Cat  
Interaction Game**

**Option 2: Grocery  
store simulator**

**Option 3: Italian  
Brain Rot game**

# 1: Cat Game

3

## CUSTOMIZE CAT:

- pick colors/breed/sex/accessories

## PET:

- different spots have different reactions, pet tummy get scratched, pet head, etc
- can rely on hand motions on camera

## FEED:

- various food types either yuck or yum reactions

## PLAY:

- after a while they will get bored and walk away or stare at you
- laser pointer option, where your finger is where the laser pointer is and the cat chases you
- toy on a string option, you move your mouse around to control the rod

## MEOW:

- Sometimes the cat randomly meow. you can have options for responding to the meow
- either u speak back to the cat, or choose to ignore it and see what happens (cat might knock something over, go take a nap, scratch something, etc.)

## Inspiration:

Pou

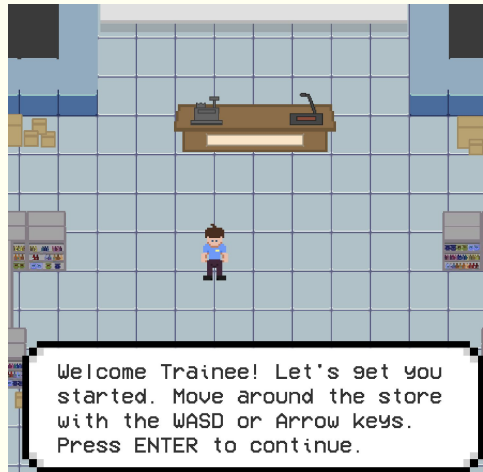

# 2: Grocery Store Simulator

4

<https://gloomygames.itch.io/lostlidl>  
<https://dannymator.itch.io/asg>

- free roam interactions game
- avatar creation
- **SHOPPER:**
  - walk around and click and drag stuff in a cart
  - get a total
  - shoplifting % catch
  - bodega cat pet interactions
  - free sample lady
- **EMPLOYEE:**
  - stock shelves
  - recover lost children
  - chase shoplifters

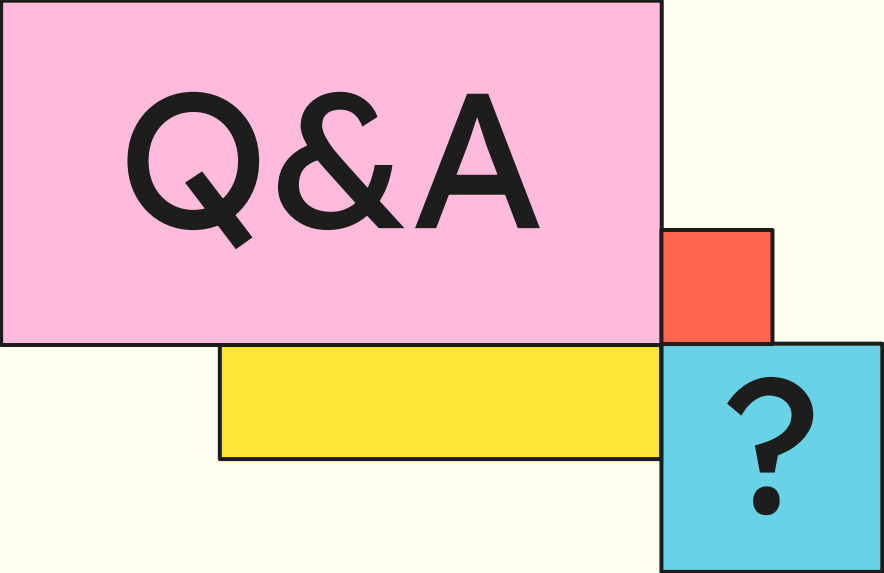

# 3: brain rot meme game

5

<https://www.instagram.com/p/DIXiLjOOXD/?hl=en>

- similar to those roblox-esque guessing games where they give you two options and you pick one
- OPTION 1:
  - guess the name out of given options
- OPTION 2:
  - would-you-rather style elimination, pick your favourite meme each round
